ECONOMIC DEVELOPMENT, SCIENCE AND INNOVATION COMMITTEE

Ministry of Business, Innovation and Employment

2021/22 Annual Review

Appendix to response to question 68

5 December 2022

Appendix 21

Question 68

How many contractors, consultants, including those providing professional services, were engaged or employed in 2021/22 and what was the estimated total cost? How did this compare to each of the previous four financial years, both in terms of the number engaged and the total cost? For each consultant or contractor that has been engaged in the previous four financial years please provide the following details:

- Name of consultant or contractor
- Type of service generally provided by the consultant or contractor
- Details of the specific consultancy or contract
- Budgeted and/or actual cost
- Maximum hourly and daily rates charged
- Date of the contract
- Date the work commenced
- Completion date
- Whether tenders were invited; if so, how many were received
- Whether there are proposals for further or following work from the original consultancy; if so, the details of this work?

This appendix contains a list of contractors, consultants, and providers in the 'other professional services' category, engaged during 2021/22 with a contract value of \$10,000 or over. The appendix includes contracts with contract end dates dated before the 2021/22 financial year, as those contracts were being finalised in the 2021/22 financial year and the associated costs formed part of the Ministry's Annual Report figures. It also includes multi-year contracts, with either start and/or end dates outside of 2021/22. The appendix also includes the information for the response to question 73 on temporary staff.

Provider	Contractors/ Consultant/ Professional Services	Type of work	Actual cost (\$)	Rate (\$)	Rate type	Original contract start date	Contract start date	Contract end date	Tender
