

Innovation Lab Virtual Reality Oculus Quest2 Apps

<p>Eleven Table Tennis</p> <p>The ultimate Table Tennis simulator. Play opponents in online multiplayer or practice against the advanced AI. With physics designed to be as real as ever achieved in a Table Tennis simulator, you will forget you are in VR.</p>	
<p>Titans of Space PLUS</p> <p>Just how big is big? Discover the answer as you tour through this holographic miniature Solar System, then venture beyond to visit some of the largest known stars.</p>	
<p>Ocean Rift</p> <p>Ocean Rift is the world's first VR aquatic safari park. Explore a vivid underwater world full of life including dolphins, sharks, turtles, sea snakes, rays, whales, manatees, sea lions and even prehistoric animals!</p>	
<p>National Geographic Explore VR</p> <p>Set off as a National Geographic explorer to discover two of the most iconic locations on the planet! Navigate around icebergs in a kayak, climb a massive ice shelf and survive a raging snowstorm as you search for a lost emperor penguin colony.</p>	
<p>Start Chart</p> <p>Explore our Solar System, view constellations and meteor showers in your night sky, stand in the footsteps of Neil Armstrong & Buzz Aldrin on the Moon, explore Mars with the Curiosity Rover, and hold planets, moons, asteroids and even stars in palm of your hand.</p>	
<p>Gadgeteer</p> <p>Gadgeteer is a physics-based VR puzzle game where you build chain reaction machines to solve fun, intricate puzzles. Your machines will use gadgets to launch, bump, twist, and turn—creating chain reactions that may even end up tearing apart the fabric of space-time.</p>	

Innovation Lab Virtual Reality STEAM Apps

<p>Apollo 11 VR Experience</p> <p>Apollo 11 VR is the story of the greatest journey ever taken by humankind. This VR experience is a recreation of the events which took place between July 16th and July 24th 1969. Now for the first time ever you get to experience this historic event through the eyes of those who lived through it.</p>	
<p>Destinations</p> <p>Destinations lets you explore both real and imaginary places in virtual reality with friends. Visit and learn about different countries, explore your favorite game environment, or play games with other players – invite your friends and go explore!</p>	
<p>Fantastic Contraption</p> <p>A surreal building game for Vive VR. Create life-sized contraptions as tall as you can reach, then send them whirling, flinging, and trundling off to solve puzzles on the other side of a floating island. There are no right or wrong solutions, so bring your creativity.</p>	
<p>GE Neuro</p> <p>Take a journey through the mind of musician Reuben Wu whose real life brain data was scanned with an MRI to create this VR portal into the human brain. Created by Kite & Lightning in partnership with GE & AMD.</p>	
<p>The Impossible Travel Agency</p> <p>Travel to a distant world pulsing with life in this beautiful VR experience set to music.</p>	

<p>Job simulator</p> <p>In a world where robots have replaced all human jobs, step into the "Job Simulator" to learn what it was like 'to job'.</p>	
<p>The Lab</p> <p>Welcome to The Lab, a compilation of Valve's room-scale VR experiments set in a pocket universe within Aperture Science. Fix a robot, defend a castle, adopt a mechanical dog, and more.</p>	
<p>Realities</p> <p>Put on your Virtual Reality headset and see some of the most mesmerizing places around the world - With Realities, you can pick a spot on the globe and virtually travel there by the push of a button!</p>	
<p>Universe Sandbox²</p> <p>Create & destroy on an unimaginable scale... with a space simulator that merges real-time gravity, climate, collision, and material interactions to reveal the beauty of our universe and the fragility of our planet. Now includes Vive VR support.</p>	
<p>Block'hood</p> <p>Block'hood is a neighbourhood-building simulator that celebrates the diversity and experimentation of cities and the unique ecosystems within them. Budding city planners will have access to 200+ building blocks to arrange and combine and to create unique neighborhoods and discover the implications of their designs.</p>	
<p>Museum of Fine Art</p> <p>Explore the Second Floor of the Museum! Explore a virtual museum in room-scale VR: see famous sculptures in full, 1:1 scale and see famous paintings without the limitations of glass and security guards. See new sculptures, ride the elevator, check out the Café, and enjoy the new Water Lilies exhibition.</p>	

<p>MasterpieceVR</p> <p>A powerful new way to experience 3D content creation. MasterpieceVR is the only tool that allows you to sculpt and paint using intuitive and dynamic features that let you easily build tangible objects, colourful environments, and high quality models.</p>	
<p>The Body VR: Journey Inside a Cell</p> <p>The Body VR: Journey Inside a Cell is an educational virtual reality experience that takes the user inside the human body. Travel through the bloodstream and discover how blood cells work to spread oxygen throughout the body.</p>	
<p>Supermedium</p> <p>Supermedium is the virtual reality browser. Navigate hundreds of VR content that load in seconds without any additional installs. All content is served from the Web directly to your headset!</p>	
<p>Satori Sounds</p> <p>Relax, Enjoy & Transcend with Immersive VR Environments Combined with Brainwave Dynamics™ Audio Technology Blending - Binaural Beats Isochronic Tones & Solfeggio Frequencies with specially designed Sound Loops & Smart Ambience</p>	
<p>Engage</p> <p>ENGAGE is a social learning platform to use education and presentation platform that seeks to transform how people share ideas and teach lessons to each other globally by harnessing the power of virtual reality technologies.</p>	
<p>InMind 2</p> <p>InMind 2 is an adventure game about a scientific journey inside the emotions chemistry of human brain, greatly inspired by the Pixar/Disney movie "Inside Out". The destiny is in your hands!</p>
