YOUNG PEOPLE BRIGHT FUTURES

SCHOOLS PROSPECTUS

Welcome to the *NSW DEPARTMENT OF EDUCATION*

MYCHOICES VIRTUAL CAREER EXPO 2022

PURPOSE

The Expo is designed to connect young people with employers, education and training providers as well as youth support services, allowing them to make informed decisions about their future careers.

The event is targeted at students from year 10 to 12 across the Independent, Catholic and Government school sectors in NSW.

This Expo is unique in terms of supporting our students throughout the State from the outback to the coast, in the pursuit of their Careers.

The Expo provides an opportunity for Students, Sponsors and Exhibitors to really engage by creating an experience equal to that of the physical event.

Careerlinks has delivered Career Expo's to the school sector for over 10 years, including Virtual/Online Career & Transition Expo's and Virtual Job Fairs.

BENEFITS FOR STUDENTS AND PARENTS

Students and parents can view available options, narrow down their choices, chat with exhibitors online, download relevant brochures, watch explainer videos as well as request further information. They can do this from their classroom or home.

Ideal for rural and remote students and students with disabilities, who are now able to access information, according to their individual learning style.

As the booths are available for 3 months after the event, students can go back and obtain further information as required.

With a great graphical user interface (GUI), and a One Day live seminar and chat session option, students will be more engaged, for longer with more exhibitors and sponsors.

There is NO CHARGE for the Expo for schools. It's FREE!
