'Light Years'

By Camberwell Camera Club

COMMUNITY EXHIBITION
TOWN HALL GALLERY

WED 19 APR – SAT 3 JUN 2023

'Light Years' is a community exhibition featuring a variety of themes captured through immersive photography by members of the Camberwell Camera Club.

The Camberwell Camera Club consists of 162 members, both photography hobbyists and professional photographers, who meet regularly to develop their craft. 'Light Years' is the culmination of a major project in 2022, where the members collected a series of images to tell a story in a more powerful way than can be achieved with a single image. Through photographic essays exploring themes of the everyday, cultural traditions, and the beauty of nature, the featured artists take the viewer on a journey revealing the power of visual storytelling.

'Light Years' represents the Boroondara community and its greater surroundings, captured lovingly by local photographers. Experience the Camberwell Camera Club's expansive collection of imagery where the closer you look, the more you'll find. Camberwell Camera Club is supported by Swinburne University, Final Grade Printing, and Epson.
